## Unit 1: Animals in Danger Lesson 5: The History of Zoos

### 1 Getting Ready

You are going to read about the history of zoos. Which country do you think was the first to have a zoo? Read the text and check your answer.

### The History of Zoos

Zoos weren't always like the zoos we have today. The first type of zoo was called a menagerie. Menageries were private collections of exotic animals owned by wealthy people or rulers of countries. Archeologists believe that the first menageries were started in Egypt, in 2500 BCE. Archeologists have also found signs of early zoos in Greece, Rome and China.
